

Greetings,

Welcome to More Than A Score. We sincerely appreciate your consideration of us as a choice for educational services.

More Than A Score is an educational agency providing private, individualized academic tutorial services, test preparation, study skills support and education advocacy and professional development. At the core of our service is the belief in individual potential and it is our mission to foster the educational journey of each of our scholars toward fulfilling this unique potential through the provision of academic services as follow:

- Academic tutorial in the areas of Reading, English Language Arts, and Mathematics
- Standardized and private school assessment preparation
- Executive functioning/Study skills
- Education advocacy and professional development to parents/legal guardians, groups, and organizations

Please find enclosed the initial client enrollment package. It is our request that you review each component of this package and return documents as indicated prior to your scholar's scheduled assessment or intake session date. Should you have questions and/or require assistance, please feel free to contact us.

Again, thank you for choosing to consider More Than A Score for educational services.

Educationally Yours,

A handwritten signature in black ink that reads 'Carro Thomas'.
